

LOLA HOBO 26 LOOK BOOK

One Pattern. Endless Possibilities.

Featuring beautiful creations from the Lola Hobo 26 Test Team

Every bag has its own personality.

One of the most rewarding parts of designing a sewing pattern is watching it come to life through the creativity of others. While each tester began with the same Lola Hobo 26 pattern, every finished bag tells a unique story through carefully chosen colors, textures, hardware, and personal style.

This Portfolio is a celebration of the talented makers who dedicated their time, skill, and valuable feedback throughout the testing process. Their attention to detail and thoughtful suggestions helped refine the pattern, ensuring that the final version is one you can sew with confidence.

As you turn these pages, you'll discover just how versatile the Lola Hobo 26 can be. Whether your style is classic and timeless, bold and modern, or somewhere in between, I hope these beautiful creations inspire you to make the pattern uniquely your own.

To each of my incredible testers—thank you for believing in my vision, sharing your talent, and helping bring the Lola Hobo 26 to life. This collection is a tribute to your creativity and craftsmanship.

With gratitude,

Raven Clark
